

## Class: Reception

### Home Projects for Summer Term 2

If you would like to explore some of your learning from this half term at home, have a go at completing some of the activities below. We would love for you to bring anything you make or do into Reception to share with the rest of your class!

## Communication and Language

We will be reading the story of 'Mr Gump's Outing'. Ask your child to tell you the story. Can they make their own story map to help them to retell the story in order? Bring your story map into school to show to your teachers!

## Maths

This half term, we are looking at patterns in numbers. Help your child to practise counting in 2's 5's and 10' using these videos:

[Count in 2's](#)

[Count in 5's](#)

[Count in 10's](#)

## Physical Development

We are practising letter formation of the following letters:

**z, v, w, x,**

## Knowledge and understanding the World

We will be learning about transport and journeys. Could your child explore Google Earth and find some of the places they have visited in the past, or places where members of their family live?

<https://earth.google.com/web/>

## PSED

This half term we are considering our health and what things make us happy and healthy. Could your child make a poster to show ways in which we can stay healthy?

## Expressive Art and Design

This half term we will be thinking about transport and travel. Could your child draw a map of their journey to school? What things do they see along the way?

## Literacy

Ask your child to write about a place they have visited or a place they would like to go to. Can they have a go at writing the sentences themselves, using the sounds that they know?
